WINTER WONDERLAND

The above action shot was taken at The Sir George Simpson School hill. Thousands of children and young adults use this very popular slope each winter. This is a natural playground and many such sights may be found in the Town of St. Albert.

## Home help service planned

A "home help service" will become a reality in St. Albert at 8 p.m. Tuesday, Feb. 18, when an official executive will be elected to take over from a steering committee that initiated the plan last fall.

Mrs. Dorothy Lien, who

has chaired the steering committee, said Monday that a president, vice-president, secretary, treasurer and communications officer would be elected at the open meeting in the basement of the Lutheran Church.

She said the executive would then set up an advisory committee.

It is expected a full-time co-ordinator will be hired to operate the service in the near future.

Elmer Harrison, preventive welfare officer in St. Albert, will address the meeting, providing background on the organization to date and outlining its basic objectives.

Mrs. Myrna Fyfe will lead a group discussion on the "Concept of Homemaker Service."

Mrs. Lien issued a special invitation to men to attend the meeting.

## Bonanza put to fast use

Council didn't take long Monday night to decide where an unexpected bonanza from the town's 1968 operations should go.

It received a report from the committee of the whole meeting a week previous that the surplus on the 1968 fiscal year had exceeded by \$27,103.88 the figure the budget had called for.

It approved the committee's recommendation that the additional surplus be used to cover \$8,698.31 in legal fees, \$19,154.31 of the Sturgeon Heights Stage 5 project deficit and about \$4,000 of reserves for uncollected taxes.

Council had budgeted for a surplus of \$22,000. It remains untouched.

## Delegation opposes Brentwood development

Brentwood Homes Monday night withdrew its plans for a two-storey duplex development south of the Evangelical Lutheran Church on the east side of Grandin Road. And town council immediately followed up by tabling second reading of a bylaw to rezone the area, specifically lots 21-27, inclusive, in Block 1, Plan 5949 KS, from residential R1(A) to residential R1(B).

The tabling came despite a plea from the Stan Hodgson,

architect with Aberdeen, Groves and Hodgson, that council continue with its move to rezone the area so the developer could submit a new plan, one calling for single homes on single R1(B) lots.

Mr. Hodgson, who had brought the plans with him, said he would turn them over to the town planner and work with him so that the project would be acceptable.

Councillors Frank Lukay, Rene Kambourff and Bob

Russell, however, backed Councilor R. G. Wheatley's motion to table second reading. Mayor Gibbon voted against the motion.

The council chamber was crowded as about 30 residents from the surrounding area were on hand to protest against the duplex development.

Council heard submissions from A. P. Blakey, barrister representing owners of nearby A and C lots, Gordon Waite and R. N.

Town council will apply to the Public Utilities Board for permission to buy out Calgary Power's interests in St. Albert.

It is the first step down a road council feels will lead to a better deal for St. Albert in the purchase of electric power.

"We've been trying to negotiate a new contract with Calgary Power, but can't get what we want," Mayor Ray Gibbon told The Gazette Tuesday. "So we are looking into this."

St. Albert's contract with Calgary Power ran out in October. The town is still purchasing power under the terms of the old agreement, which had been in effect for 10 years.

## Mayor Gibbon said if the delay in mail

St. Albert residents may face minor delays in mail delivery for a short time after the post office implements its five-day week Feb. 17.

Postmaster Al Mitchell said Monday that all letter carrier walks have been rearranged and adjusted and for a short time minor delays could occur until carriers and inside sorters become familiar with the new walks.

He said that many residents will now receive their mail at a different hour of the day than before.

Mr. Mitchell also announced that business places will receive only one delivery a day after Feb. 17, that coming during the morning hours.

Residents using lock boxes will now have access to them 24 hours a day, seven days a week under the new system as the lobby will never be locked.

Until a sub post office is established, the main post office will be open from 9 a.m. to 1 p.m. every Saturday for wicket service.

Mr. Mitchell is accepting applications from businesses wishing to house the sub post office but so far has received only one.

town could purchase the installations, it could then purchase power wholesale and resell it to the consumers at retail prices.

"We're looking for profits for a change," he said. "Up to now it appears as if the only things we operate are the deficit items like the water system."

If the town did purchase the installations, it probably would not mean any rate change for consumers. Any profits the town realized would be kicked back into general coffers.

Mayor Gibbon said the Vinto Engineering Ltd.

report, commissioned in 1966, would probably now be coming before council.

The company studied possibilities the town faced in preparing for its future power needs -- the purchase of the system and the generating of its own power or purchase of the system and buying power from Edmonton Power or Calgary Power. The town is also renegotiating its contract with Edmonton for water. It doesn't have much bargaining power, however, as Edmonton has the only game around. If it shuts off the tap, it's game over.

## Course postponed

A course in business development which was to have been conducted in St. Albert starting Feb. 13 has been postponed.

W. E. Jamison, chairman of the management development committee of the St. Albert Lions, the sponsoring group, said the course may possibly be held in the fall.

The course, which was to have been conducted by Jim Cowie of the industrial development office of the department of industry and development, is designed to show people interested in business development just what is required and how they should go about getting it.

Residents of St. Albert who would like to see the town amalgamate with Edmonton apparently believe that action is stronger than words.

They were hardly heard at two public meetings the town recently sponsored on the matter, but it appears now as if they may have been saving their ammunition for the polls.

For when the firing stopped at 8 p.m. last Wednesday there were 1,069 votes in for amalgamation and 860 against it.

This meant that of the 40.2 per cent of the eligible

voters who cast their ballots, 55 per cent said yes.

Council is not bound by the vote as it was only an expression of public opinion.

Most councillors had said, however, that they would use it as a guide in future negotiations.

The bulk of the 209-vote margin came in Sturgeon Heights where 306 voted in favor and 194 came out against it. In Braeside the vote was 67 yes, 32 no.

The advance poll showed seven yes answers and 11 nos.

## Heart fund seeks funds

Residents of St. Albert will be canvassed starting Feb. 17 to support the Alberta Heart Fund Campaign for research and public information programs.

Diseases of the heart and blood vessels are Canada's number one killer, taking more than 75,000 lives every year. This is half of the annual death toll from all causes.

Dramatic advances have been made during the past 20 years in the treatment of heart diseases; a lot of which were conducted at the University of Alberta Hospital in Edmonton. Further advances can be made only with a total community effort and support.

Senior students from St. Albert High and Paul Kane have been asked to canvass on behalf of the Heart Fund's local campaign which in St. Albert is under the direction of Don LaBelle of 26 Geneva Cres.

When the canvasser calls at your door next week please give from the heart for your heart.

## Bank open

The St. Albert Branch of the Bank of Nova Scotia will remain open to 8 p.m., Fridays commencing Feb. 14. Manager Vince Ratchinsky, in making the announcement, said hours from Monday to Friday would remain at 10 a.m. to 3 p.m. The bank will open at 10 a.m. Friday and operate non-stop to 8 p.m.

A spokesman for the Bank of Montreal said it was considering a similar move but that it would not take place this week.

## Henry Lamoureux passes

Funeral services were held Tuesday, Feb. 11 at St. Albert Roman Catholic Church for Mr. Henry Oscar Lamoureux, 47 Birch Drive, who passed away Saturday at the age of 53. Interment was in the Lamoureux Cemetery.

Born in Fort Saskatchewan, Mr. Lamoureux came to St. Albert in 1959. He served as president of the Fort Saskatchewan Royal Canadian Legion and had been elected president of the St. Albert Legion but was unable to serve in that capacity because of ill-health.

A member of the St. John Ambulance, Mr. Lamoureux was a warrant officer in the Royal Canadian Engineers. At the time of his death Mr. Lamoureux had been employed with Northwestern Utilities for more than 20 years.

He is survived by his wife, Olive; two sons and two daughters, Ian and Colin, Edmonton, Mrs. Walter (Evelyn) Lee and Miss Rhoda, St. Albert; three grandchildren; three brothers and five sisters.

## Sharing your sight

At least 42 blind persons in Alberta could regain their sight through corneal transplants. Mrs. M. A. Thirlwell, R.N., secretary of the CNIB Eye Bank said her office has 42 names on the waiting list at present.

A cloudy or damaged cornea (outer surface of the eye) can cause faulty vision or even blindness. Doctors have discovered they can remove the cloudy cornea and replace it with a healthy one from another human eye. This is known as a corneal transplant or graft.

Mrs. Thirlwell stressed all eyes are acceptable, regardless of color or condition. The donor's eyes must be removed within six hours

after death occurs and can be kept in a special container for up to 48 hours. Discarded eyes unfit for transplanting will be used for research.

Mrs. Thirlwell points out that next of kin now have the authority to donate the deceased's eyes to the Eye Bank, if no previous arrangements were made.

For further information please phone Mrs. Thirlwell at the Canadian National Institute for the Blind, 488-4871.

#### GOLF

The Learn-to-Golf School will start on Feb. 26 in St. Albert High School. (See separate advertisement.) Note that all registration fees must be paid at the Town Hall before Monday, Feb. 24.

#### ARTS & CRAFTS GUILD

Registrations are now being taken at the department of recreation 599-6601 for a Teen Art Course for boys and girls 13 years of age and over. There will be ten lessons in the course which will be held each Tuesday from 7 to 9 p.m., commencing on Feb. 18. The instructor will be Mrs. E. Zuk and she will be offering a varied program which may involve sketching, water colors, print-making according to the interests of the participants. The fee for this course is \$5 and must be paid to Mr. A. Morris, treasurer of the St. Albert Arts and Crafts Guild, 10 Grosvenor Blvd., St. Albert before the first lesson.

The Adult Ceramics course will start on Monday, Feb. 17 at 8 p.m. and anyone who has registered is reminded that fees are to be paid at the first lesson.

The exhibition involving the "isms" of the 20th Century will remain on display at the Arts Centre until Thursday, Feb. 13. This will be replaced by an interesting display depicting the "History of Art" from the earliest times to the present day. No one should miss the opportunity of seeing these government-sponsored exhibitions which are on display at the Arts Centre from time to time. The centre is

The St. Albert Men's Soccer Team played their first game of the second half of the Winter League on Tuesday, Feb. 11. They played Victoria Canadians in the Kinsmen Field House and at the time of writing the results are not yet known. BADMINTON

Nine members of the St. Albert Badminton Club entered the City Tournaments held last weekend at the Royal Glenora Club. All played very well and the club was represented in almost all the finals. In the "C" division, Helen Neumann reached the finals in the ladies' singles and later teamed with Beryl Harding in the ladies' doubles where they were narrowly beaten in the finals. Helen and Harry Neumann reached the finals in the mixed doubles and Harry and Frank Carnahan were in the finals of the men's doubles.

On Thursday, Feb. 13, the local club will be hosting a team from Jasper Place at Vital Grandin School. Members not participating in this tournament can play at Sir George Simpson Junior High School.

#### FIGURE SKATING

Because of the re-scheduling of classes the social rink at Sallsbury Park will not be available for public skating on Saturdays between 12 noon and 3 p.m. The cold weather interfered with the regular schedule and extra classes are being held so that the young people will have a chance to prepare for the forthcoming tests.

Figure skaters are reminded that the new schedule of classes will remain in force till further notice. Those who normally attend at Sallsbury Park are also reminded that their classes on Sundays are held at the Grosvenor Park Rink.

## Developers to appeal winter funland denial

A decision by the Municipal District of Sturgeon to deny development of river lots 31 and 32 just north of the Brazeau subdivision as a commercial area for power toboggans will be appealed.

Ben Bruens, who planned to develop the area in co-operation with Hec Gervais, said Tuesday that he would approach the municipality

to get a better idea of what the reasons were for rejecting the development and to see if they were problems that could be rectified.

He said he had received permission originally and could not see why the municipality had changed its mind.

"The noise factor should not be that great," he said. "The area is not residential and there have been limits on the hours of operation."

We weren't even approached on this."

Mr. Gervais said the development would not get under way until next winter now even if it did get approval. He said cold weather had set it back too far.

St. Albert had objected to the development on the grounds that noise and nuisance would greatly affect residents in Brazeau.

## V.G.W. at U of A

Many thousands are expected to attend this year's Varsity Guest Weekend, Feb. 12-15 at the University of Alberta. Every faculty is involved in the planning of V.G.W. and all faculties feature displays.

Numerous sporting, social and academic events are scheduled for the four day open house.

Saturday the public is invited to tour the campus from 10 a.m. - 5 p.m. Professors and students from all faculties will be on hand to help prospective students in choosing their varsity careers.

There will be bus tours of the campus, the U of A Flying Club are holding flights over the campus, several Teas will be held

## St. Albert Fish and Game

The St. Albert Fish and Game Association apparently will have to carry on its fight against the proposed Big Horn Dam without the support of the provincial association.

Joe Balla, president of the Alberta Fish and Game Association, said in a recent newsletter that while there is no doubt that a watchful eye should be kept on the situation, the association should now turn more of its attention to the Brazeau Dam and the problems surrounding it.

Mr. Balla said he was supported in his views by the majority of the executive and the resolutions committee.

The St. Albert Association claims the Big Horn Dam, which would sit on the North Saskatchewan River about 80 miles west of Rocky Mountain House, would flood part of the Kootenay Plains and have serious effects on big-game populations.

Mr. Balla, who sought information on the project from former and present biologists with the fish and game branch, reported:

"It is believed range for 15 or 20 head of mountain sheep may be disturbed and for 30 to 35 head of elk."

"In the area of fish life, it would appear that no real study approach has ever been taken of the upper reaches of the North Saskatchewan because it has been generally felt that study and

research efforts could be better expended in areas where productivity is more likely.

"There is considerable glacial siltation in the upper reaches of the North Saskatchewan which is not conducive to the propagation of aquatic life. Educated observations of similar situations indicate that the dam could tend to upgrade sports fisheries, particularly downstream because the reservoir would act as a settling basin for the glacial siltation."

Mr. Balla said the reservoir itself could be stocked and the results quite rewarding.

Regarding the Brazeau Dam, Mr. Balla said:

"This dam was built without the clearance of timbered land (and is proposed around the Big Horn Project) and was a terrible mess."

"There are indications that plans call for the raising of the Brazeau Dam water level another 25 feet. Land clearance of the shoreline and the area covered by the raising of the water level in the reservoir could create a much more tolerable situation and enhance the recreation value considerably."

## Firemen win again

Fire Prevention Contest.

Mr. R. M. Gibson, Mayor, Town of St. Albert, St. Albert, Alberta.

Dear Mr. Gibson:

I have just received information from the Provincial Fire Commissioner of the results of the contest for the municipal, industrial and government divisions. The Town of St. Albert won the distinction of Honourable Mention in the Canadian Municipal Class C and First Place Provincial Municipal Division.

In view of the very fine efforts of the members of your fire department who participated in the contest I want to commend them for their skills and diligence and to congratulate you and

your Town for this very high award. In all, there were 284 Canadian communities competing and as Provincial Secretary, may I say it is very gratifying to have these awards won by fire departments in Alberta.

I would hope that some publicity could be given to this award in order that the public may know more fully the efforts of the fire department in the field of public safety.

Yours truly,  
A. Holowach,  
Provincial Secretary.

## St. Albert Scouts camp on Big Lake

Thirty-five members of the First St. Albert Scouts and nine Venturers turned their backs on suburban living for 24 hours last weekend, making their home beneath a stand of spruce on the south shore of Big Lake.

The scouts and their supplies were ferried to the camp site by power toboggans owned by their fathers and other volunteers.

A few machines were left at the site so Scoutmaster Jim Kehoe and Patrol fathers George Hartmetz and Mike Moran could instruct the boys in their use

as part of their winter training.

The trip was designed to teach the boys to set up camp and cook under winter conditions.

The camping trip started at 9 a.m. Saturday and wound up at 2 p.m. Sunday.

# Comets eyeing first place

## On Amalgamation

St. Albert is presently looking at results of a referendum on amalgamation. Results which do not give either the local town council or the city of Edmonton council a clear cut view of the wishes of St. Albert residents on this important matter.

Only 40 per cent of eligible residents of St. Albert voted on the issue, of those who did vote, roughly 53.6 per cent favored amalgamation.

So from the referendum we know that 21 per cent of the residents definitely want amalgamation -- 17 per cent definitely do not want it -- and we do not know the wishes of 62 per cent of our citizens.

In other words we learned little from the referendum, and neither St. Albert town council or Edmonton city council has a firm mandate to take any action.

Mayor Dent has stated, in a television interview since the referendum, that what Edmonton wants is the province to adopt the recommendations of the Hanson Report for annexing a large area, of which St. Albert is only a part. "We do not feel the city should go ahead with any 'piecemeal annexation,'" he said.

However, the inconclusive results may be used by the city to strengthen its hand in attempting to have the Hanson Report adopted by the Provincial Local Authorities Board. It must be remembered that the City of Edmonton commissioned the Hanson Report. And it may well be that the annexation sought by Edmonton is not to the advantage of all concerned.

While he was still in office as premier, Mr. Manning recently expressed the opinion that he is not certain the building up of huge cities under one central governing body is the wisest course. In view of this study and observation of what is happening elsewhere in Canada and the USA he felt there was merit in the idea of curtailing city growth to a reasonable degree. The suggestion of "satellite" cities is one of many ideas being worked out by those concerned with city growth problems and research is going on constantly, so that the province has much to study.

Certainly there is a good case to be made for proceeding slowly and with caution on the matter of amalgamation. And we can look to the Local Authorities Board to do so, as it reviews all the complex aspects of the Hanson Report.

In the face of present trends in all areas of endeavor towards "bigness," it is possible we are being brainwashed with the idea that the larger an operation becomes the more efficient it becomes. This could be true on a balance sheet of a huge corporation where "efficiency" shows up as profit for a few. Profits become great wealth for a few and wealth becomes power for a few. Thus it is necessary that all the "little average guys" be constantly persuaded that the bigger an operation becomes, the better it becomes. And we get big business, big governments, big cities.

For an example from "big business": It has been recently predicted that we are facing the prospect that all food retailing on this continent will be in control of six major firms. Has this trend improved the profit picture of the farmers in Canada and USA who are producing the food with ever-increasing efficiency? Has it lowered the prices for the family shopper and therefore improved his profit? In the case of big land developers -- when an average lot in Toronto costs \$15,000 has it helped the young couple wanting to establish a family home?

In the case of "big" government has it not brought an alarming growth in bureaucracy for which the average guy pays heavily?

And when big cities grow unchecked is there not a danger that they will become nearly impossible to govern, as Mayor Lindsay has said of New York?

While we are yet far from this situation in the Edmonton area, our grandchildren may not be.

Mr. Phil Newell, of Underwood-McLellan and Associates who did a study of what might happen under amalgamation was asked in a television interview: "If St. Albert were not to have new industry would you say that their taxes would increase more percentage-wise than in the city of Edmonton?" He replied: "No I wouldn't want to state that definitely. The actual taxes in St. Albert now are lower per capita than they are in Edmonton. And with continued good municipal management you cannot say that they would rise faster."

If we can paraphrase -- it may be better to try and remedy the evils that we have, than fly to others that we know not of.

Let us therefore be careful how we move, particularly when we do not know how 62% of our residents feel about amalgamating with Edmonton.

The race for first place in the Sturgeon River Senior Hockey League is going to be a hot one right down to the wire.

Spruce Grove Mercuries climbed to 21 points last week to maintain their lead but St. Albert Comets and Vimy Rockets remained in close contention, tied for second two points back.

Spruce Grove and Vimy have only two games remaining, however, while St. Albert has three, a factor team manager Jake Vagueois is counting on heavily.

"If we win all our remaining games and Spruce Grove does the same," he said Monday, "there'll be a tie for first place. But we'll get it because of our record against Spruce Grove, two wins and a tie."

In their only game last week Comets defeated Vimy 7 - 3 on the strength of two-goal efforts by Vic Roberge and Ray Lanier and single counters from Joe Cassidy, Fred Hesse and Gerry Magan.

Leo Provencal scored two goals for Vimy and Ed Bourque got the other.

When Comets travelled to Westlock the previous week, they took along only 11 players.

And there wasn't a goal-tender in the bunch.

So the management put the finger on defenceman Gerry Magan to guard the goal.

Magan readily agreed but by the time the first period was over, probably wished he hadn't. He had fished the puck out of the net three times and the score read 3 - 0 Westlock.

When the second period rolled around, however, it was an entirely new game. Magan closed the door on the Eagles and Comets went out and scored three goals to tie the score.

In the third period, it was all Comets as they hammered home four more goals for a 7 - 3 victory.

The line of Joe Cassidy at centre and Fred Hesse and Dave Joyal on the wings provided six of the St. Albert goals and amassed a total of 16 scoring points.

Each scored two goals and Cassidy and Hesse each had four assists. Joyal had two assists.

Defenceman Richie Perrault, who received a game misconduct in the third period, scored the other St. Albert goal.

Garen, Keller and Pulls scored for Westlock.

Playing with a full-team later in the week, the Comets didn't fare so well, losing 8 - 4 to Legal Citadel Canadians.

Were the Canadians' show pretty well all the way as they led 3 - 2 after the first period and 7 - 4 after the second.

Gerry Rouleau and H. Orm each scored twice for Legal with single counters going to R. Sciotty, D. Wittkoff, H. Steele and R. Cyr.

George Dundas, Vic Roberge, Fred Hesse and Lou Martineau scored for Comets.

## City rink wins ladies spiel

Elsie Holmes of the Royal Glenora defeated Mary McKeever of the Avenue last Wednesday to win the first event and the Gateway Building Supplies Trophy that accompanies it in the St. Albert Ladies' Annual Open Bonspiel.

Carol Clark curled third for Mrs. Holmes and Joy McIvreen was second and Edna Krueger lead. For Mrs. McKeever, Elizabeth Gemmell threw third rocks, Shirley Fisk, second, and Marilyn Potter, lead.

Betty Anderson of St. Albert finished third and Joyce Fraser, another St. Albert rink, was fourth.

The second event of the 32-rink bonspiel was won by Cecile Como of the host club. She defeated Terry Gaddy of the Thistle in the final.

Mrs. Betty Anderson presents Gateway Building Supplies Trophy . . . to first event winners Elsie Holmes, Carol Clark, Joy McIvreen and Edna Krueger.

Betty Crozier curled third for Mrs. Como, Rose Fraser was second and Alma Letourneau was lead. Doreen Walker at third, Helen McEvoy at second and Betty Kulak at lead rounded out the Gaddy rink.

SECOND EVENT WINNERS: skip Cecile Como kneeling, left to right Betty Crozier, Rose Fraser and Alma Letourneau.

## Referees required

Volunteer referees are urgently required for minor hockey in St. Albert.

Erling Winkquist, chairman of the Kinsmen Minor Hockey Association, said Sunday more referees are needed immediately in order to carry on with all schedules.

Anyone wishing to help out can contact Bill Bishop (599-4561) or Ron Wooliam (599-5168).

## Legal team wins puck tournament

Legal Citadel Canadians won the Sturgeon River Senior Hockey League's annual Referees' Tournament in Morinville at the weekend, defeating St. Albert Comets 6-5 in the final game.

Rene Sicotte broke up the

game with Comets, scoring in the second period of sudden-death overtime.

Dave Joyal, Al Miller, Lou Martineau, Fred Hesse and Richie Perreault scored for St. Albert.

The tournament opened Friday night with Vimy Rockets defeating Spruce Grove Mercuries 4-3 and St. Albert defeating Barrhead 7-3.

Legal bounced Westlock 6-1 and Morinville downed the Senior B All-Stars 10-1 Saturday.

In semi-final games Sunday St. Albert defeated Vimy 6-3 and Legal defeated Morinville 7-3.

## Comets' player suspended

Defenceman George "Gentle Ben" Dundas of St. Albert Comets has been suspended from play in the Sturgeon River Senior Hockey League for an indefinite period.

Dundas was suspended because of his rough-house tactics following a vote by league members last week.

The move to have Dundas suspended was initiated by Vimy and Legal and was supported by Morinville and Westlock. St. Albert, Barrhead and Spruce Grove opposed the suspension.

Dundas had been suspended for three games earlier in the season for an altercation at the close of a game in Morinville.

PAUL JELLEY

## Big day set for fight fans

Paul Jelley, a smooth punching 125-pounder, will lead a seven-fighter contingent from the St. Albert Boys Boxing Club into the Alberta Silver Gloves championships here Saturday, Feb. 15.

Jim Kelly, Allan Eschuk, Lonnie Eschuk, Greg Pudlowski, Larry Chyzik and Gary Larsen are the other St. Albert boxers entered in the championships, which are expected to provide local fight fans with all the action they'll ever hope to see. The fight-offs will start at 2 p.m. in the Community League Hall with the first of the 12 finals getting underway at 8 p.m. Fighters will range in weight from 50 to 110 pounds.

Tickets are \$1 for adults and 50 cents for students and children.

Last year Jim Kelly came out the winner in the 90 pound division and Don Wilson won out in the 100-pound class. Jelley is also a former Gloves winner.

Silver Gloves are open to boys under 16 years of age who have competed in a minimum of six matches.

## Skinners score wins

George Skinner of 18 Grandora Cres. and his 13-year-old son, Darrel, each brought home a prize from the inaugural International Sno-Co Snowmobile races at Speedway Park on Sunday.

George won the cross-country in A class, for machines up to 280 CC., and Darrel came in third in the junior oval.

George, who races Ski Doos, also entered the A class oval and the cross-country and oval in D class, for machines from 411 to 800 CC., but could come up with no better than a fourth.

A week ago he was more successful, however, coming in first in D class in a cross-country race at Little Acre and second in the D class oval.

George has travelled to many points in the province to race this season, picking up his plans to hit four more racing weekends before the snow goes.

## Students to attend teachers' meeting

There will be St. Albert students as well as teachers at the North Central Zone teachers convention in Edmonton on Feb. 20 and 21.

Fourteen students, from Grades 1 and 3 at St. George's Simpson Elementary School, will be involved in a demonstration lesson in the

language arts, under the direction of Mrs. Elaine Stauffer and Mrs. Betty Hainsworth.

Another St. Albert teacher will also play a prominent role at the convention. J. M. Black, senior instructional supervisor for the St. Albert Protestant Separate School District, will address the teachers on "Value Responsibilities of Education."

The attendance of more than 2,100 teachers from the area surrounding Edmonton is expected to make the convention the largest non-urban teachers convention ever held in Alberta.

A new feature for this year's convention will be the opportunity for teachers to hear any of eight different luncheon speakers each day.

A few of the topic highlights of the convention are Updating by Adult Education, The Divided School Year, Censoring and Censorship, and The Indian Child - What He Can Contribute to Education.

## Funeral held Mrs. Usher

Funeral services were held last week for Mrs. Catherine E. Usher of St. Albert, who died Feb. 4 after a lengthy illness.

Mrs. Usher was born in Newcastle-on-Tyne, England, Sept. 22, 1884. She and her husband, Henry Usher, emigrated to Canada in 1911 with their eldest son, Roy.

Mr. Usher had previously spent some time in Edmonton, arriving in 1907, and was one of the group who founded what is now Wesley United Church. The family lived in Edmonton, except for a short sojourn in Vancouver, until Mr. Usher's death in 1928.

In 1952 Mrs. Usher and Roy came to St. Albert, where she lived until entering hospital. Three other sons, William and Lorne, both of Edmonton, and Leslie of Waterloo, Ont., and one daughter, Mrs. D. J. (Stella) Lacouture survive her, together with a sister, Mrs. A. Bruce of Vancouver, five grandsons, two grand-daughters and a great-grand-daughter.

Mrs. Usher was a life-long crusader in the temperance cause, being a member and active worker in the WCTU at local, district and provincial levels.

## Singers Plan Spring Program

Despite the Flu and the Freeze, the St. Albert Singers have a month of rehearsals behind them in this new year. To follow their well received Christmas concert the group is now busily preparing for a program of mostly lighthearted secular music to be presented April 25 and 26.

The choir reports a one hundred percent increase in its male section. Additional voices, both male and female are welcome, but potential members should note that the cut-off date for the spring term is Feb. 20. Regular attendance is a must, since the group can only be as successful as its least enthusiastic member.

The St. Albert Singers rehearse every Thursday evening in the United Church lower hall, beginning with coffee at 8:30. A non-denominational community choir, membership (at \$1 per term) is open to high schoolers and adults.

Further information may be obtained from the director, Lillian Upright at 599-6997.

She was best-known in St. Albert through her connection with the St. Albert United Church, of which she was a charter member. She was chairman of the women's committee prior to the founding of the congregation, and was a member of the Session of the Church from its inception until her death.

She was the founding president of the Women's Association of the Church (later the UCW). One of the Units of that organization is named the Catherine Usher Unit in recognition of her services in establishing the church and UCW.

Funeral services were held at Howard, McBride Funeral Chapel with Rev. Leonard J. Musto of the St. Albert United Church officiating. Burial was in the Edmonton Cemetery.

## Freezer Costs Revealed By Home Economist

Only if you grow and freeze much of your own food and keep your freezer full will it save you money.

Miss Pat Masculuk, home management specialist with the Alberta Department of Agriculture says many people buy a freezer in order to lower their food budget but she says few manage to do so. For most families she says a home freezer is just a convenience in time, transportation and availability.

The cost of operating a freezer for a year including depreciation, lost interest, possible repairs and electricity is \$43.17. This cost is calculated on a 17 cu. ft. chest freezer selling for \$249.95. Costs will be higher if the freezer is financed and the cost of freezer wrappings included.

All costs except those for packaging, and freezing fresh food remain the same regardless of the quantity of food in the freezer. Therefore the higher the rate of turn over the less it will cost to freeze the food per pound.

If a 17 cu. ft. freezer with a capacity of 510 pounds were filled once a year, the cost per pound would be \$ 1/2

cents. If it were filled 2 1/2 times in the year making a capacity of 1475 pounds, it would cost only 3 cents per pound. Few urban families though operate their freezers at peak capacity.

One of the things to be thankful for is that we don't get as much government as we pay for. — Charles F. Kettering.

If it wears stretch pants and has long hair, it's a clutch to be either a boy or a girl.

### SAVE YOUR MONEY!

"How many cigars do you smoke a day?"

"About ten."

"What do they cost you?"

"Twenty cents apiece."

"My, that's two dollars a day. How long have you been smoking?"

"Thirty years."

"Two dollars a day for thirty years is a lot of money."

"Yes, it is."

"Do you see that office building on the corner?"

"Yes."

"If you had never smoked in your life, you might own that fine building."

"Do you smoke?"

"No, never did."

"Do you own that building?"

"No."

"Well, I do."

### Health Unit Introduces new Program

Mothers of four-year-olds in St. Albert have received or will be receiving shortly, a very important card in the mail. It is their invitation to make arrangements with the Sturgeon Health Unit to have their child undergo the new pre-school screening program.

Dr. J. M. Howell, medical officer of health, said

it is expected some 250 youngsters will participate in the program during 1969. "The main objective of this program," Dr. Howell said, "is to promote a significant improvement in the health of children at school entry so that they are better able to take advantage of the educational facilities available."

Each appointment will take approximately one hour Dr. Howell said. During this time the child's hearing and vision will be tested by use of the speech audiometer and Scarborough scanner. Where necessary, arrangements will be initiated to ensure that children with special problem areas such as emotional disorders,

intellectual defects and speech difficulties can obtain treatment and services. The child's immunization program will be updated and the importance of regular dental inspection, personal hygiene, a balanced diet and a full physical examination prior to going to school, will be stressed.

The program is scheduled to commence Feb. 21 and all mothers of eligible children are urged to participate in it.
